

## *St. Ignatius Catholic Church - Annandale, MN*

*St. Ignatius Catholic Church created a new 2,500 sf fellowship hall with a kitchen; added 6 classrooms, a new administration center, a library and a meditation chapel; installed an elevator and air conditioning in the new addition, added fire protection to the entire church, re-shingled the existing church and relocated the main entrance. The new addition utilized Kasota limestone to match the exterior of the existing church.*
