

*Trail's Truck Wash and Maintenance Facility—Albert Lea, MN*

The Trail's Truck Service Center is a 28,000 square foot truck service center, and instant oil change station with a full/automatic truck bay. A unique feature of this building is that it utilizes waste oil burners for boilers that provide heat for the entire in-floor heating system and the truck washing equipment. The exterior walls are precast with an EPDM roofing system.
