

*Falcon National Bank—Foley, MN*

*Falcon National Bank of Foley, Minnesota, was designed and built to house 3,000 square feet of shared-resource professional office space for small businesses in addition to the 5,800 square feet designed for normal bank operations. The interior of the new bank is lighted by a 925 square foot clerestory above the main lobby. The exterior façade consists of a combination of brick and EIFS*
